RE: De-designation of Barkers Island Bird Sanctuary

Dear Mr. Jacobson:

Enclosed are the following documents which constitute the City of Superior's completion of the agreement to de-designate the Barkers Island Bird Sanctuary. These documents are:

- 1) A deed conveying part of Wisconsin Point to the DNR for use as a bird sanctuary;
- 2) A survey map showing you the part of Wisconsin Point being conveyed;
- 3) Two copies of a limited development easement over submerged lands lying under the St. Louis River adjacent to what the City refers to as the Case-Western land or Arrowhead Industrial Park. This property lies south of the Grassy Point railroad bridge. Please have both copies signed and return one copy to my office for the City's records.

If you have questions about the land or about the fencing of the Wisconsin Point bird sanctuary, please contact Len Peterson, Director of Public Works. If you have any other questions or comments, please contact either Bill Lehman or me.

Very truly yours,

Steven H. Schweppe
City Attorney
