Diane and others;

Good afternoon. I wanted to give a brief update on our discussions here at City regarding our meeting last week on the Paine easement issue. I had a conversation with our Parks, Rec and Forestry Director Linda Cadotte, who reminded me of many projects that we currently are working on or will be in the near future that will better access for fishing and enhance the watershed.

I will be putting together that list along with project descriptions in the very near future. Have a great week.

Thanks – let's put the 17th at 2 on the calendar. I'll still try to come, and I believe other folks (Real estate, fisheries) may participate by phone. If I will need to get back to Madison so that I can't be up there into the afternoon, I'll appear by phone, too.

We were thinking of sending someone to take a look at the property to see how it looks in terms of remaining conservation values (after reaching out to the Paines). Do you think this is something they may take issue with?

We are committed to service excellence.

Department clients visit our survey at <http://intranet.dnr.state.wi.us/int/legal/> to evaluate how I did.

Hi Diane,

Let's use this as a new thread – your initial email came to my general account managed by my assistant.

I have not yet reached out to the Paines as those who know them have told me that it would be a waste of time – which might also explain why you are not hearing back from them.

An in-person meeting on June 17 works for me! Jason?

Thanks,
Frog

Good afternoon Attorney Prell –

Thank you for responding to my May 9 letter, and I apologize for my delay in getting back to you. At this point, the 17th, 25th and 26th after 10 am each day work for me, and I could actually be up there on the 17th, if that may be helpful.

I have not shared these dates with my colleagues (cc'd here), and their availability may narrow down those possible dates.

I have not heard back from the Paines, though I see that you copied the Mayor, who is also named Paine.

Have you had the occasion to talk to the Paines about this issue?

Thanks,

We are committed to service excellence.
